This node represent the Sub-Introducing Broker/Affiliate. This structure can go 8 levels deep. Please enquire about the current rebate options available.

All the IB's or Affiliates John Doe introduces will appear as **Tier 2 Sub IB's** in this strategy.

It is important to note that **your direct Clients will not appear in this view, and is available separately from the MY Clients tab**

The main node represents the main Introducing Broker/Affiliate. This is normally the only node in the traditional IB's network
